

PROFIT® is not the cure petition

To the Honourable Stephen Harper, Prime Minister of Canada,

- WHEREAS for-profit health care is more expensive than non-profit care;
- WHEREAS for-profit health care discriminates based on ability to pay;
- WHEREAS for-profit health care will not reduce wait times;
- WHEREAS for-profit health care is linked to higher mortality rates;
- AND WHEREAS for-profit health care will open the door to the Americanization of Canada's health care system under NAFTA;

THEREFORE I JOIN WITH THE PEOPLE OF CANADA in demanding the federal government work with the provinces to stop the expansion and reduce the role of for-profit health care in Canada's medicare system.
